

EDWARD CHEN

Bangalore, India | edward.chen@provider.net | +1-555-0007

OBJECTIVE

Highly motivated Associate DevOps Engineer with a focus on Terraform and CI/CD. Seeking to leverage my skills in automation and infrastructure management to contribute to successful projects.

EXPERIENCE

Global Systems | Bangalore, India

Associate DevOps Engineer | 2015 - 2023

- Led a team to implement Bash based solutions, improving efficiency by 12%.
- Designed and maintained scalable systems using Azure.
- Collaborated with cross-functional teams to deploy Prometheus infrastructure.

Startupify | Bangalore, India

Junior DevOps Engineer | 2012 - 2015

- Assisted in developing key features using Terraform.
- debugged and optimized legacy codebases.

EDUCATION

TU Munich

M.S. in Software Engineering | Graduated: 2012

SKILLS

Terraform, CI/CD, Bash, Azure, Prometheus
